STUDIO HERCULES

Photography and Film Studios

Studio Hercules offers two large professional studio spaces for hire in one convenient location close to Melbourne's main airport in Tullamarine.

Featuring Australia's only full cyclorama studio with in-ground remotely automated turntable, Studio Hercules has excellent facilities, ample room and unrestricted parking, making it ideal for film, television commercial and still photography projects.

Studio Hercules is conveniently located within 3 minutes of major freeways, 5 minutes from Tullamarine Airport and 15–20 minutes from the Melbourne CBD.

Ample unrestricted parking is available on-site and in front of the building. Full-height roller door access at the front of the building allows for easy delivery and pick-up of vehicles, equipment and goods.

Facilities include a dressing room with a make-up table, chairs, a clothes rack and a large mirror, a kitchen with a refrigerator and ample bench space for catering supplies, and a private air conditioned client lounge upstairs with comfortable lounge seating, a boardroom table and broadband internet connection.

STUDIO HERCULES

Photography and Film Studios

The cyclorama is fitted with an automated in-ground 4m-diameter turntable, which is ideal for shooting motor vehicles with the minimum of post-production. The turntable is easily controlled from outside the cyclorama via a control panel with adjustable rotation speed and direction. Both 35 amp and 50-amp 5 pin 3 phase power is available with multiple standard 240-volt power point located throughout the studios and facilities.

On-street parking can be pre-arranged for any extra mobile power generation required.

Excellent catering is available from local suppliers to feed a large or small production crew. A large tiled area adjacent to the main studio area is available for on-site meetings or meals. Two toilets with wash-up facilities are provided.

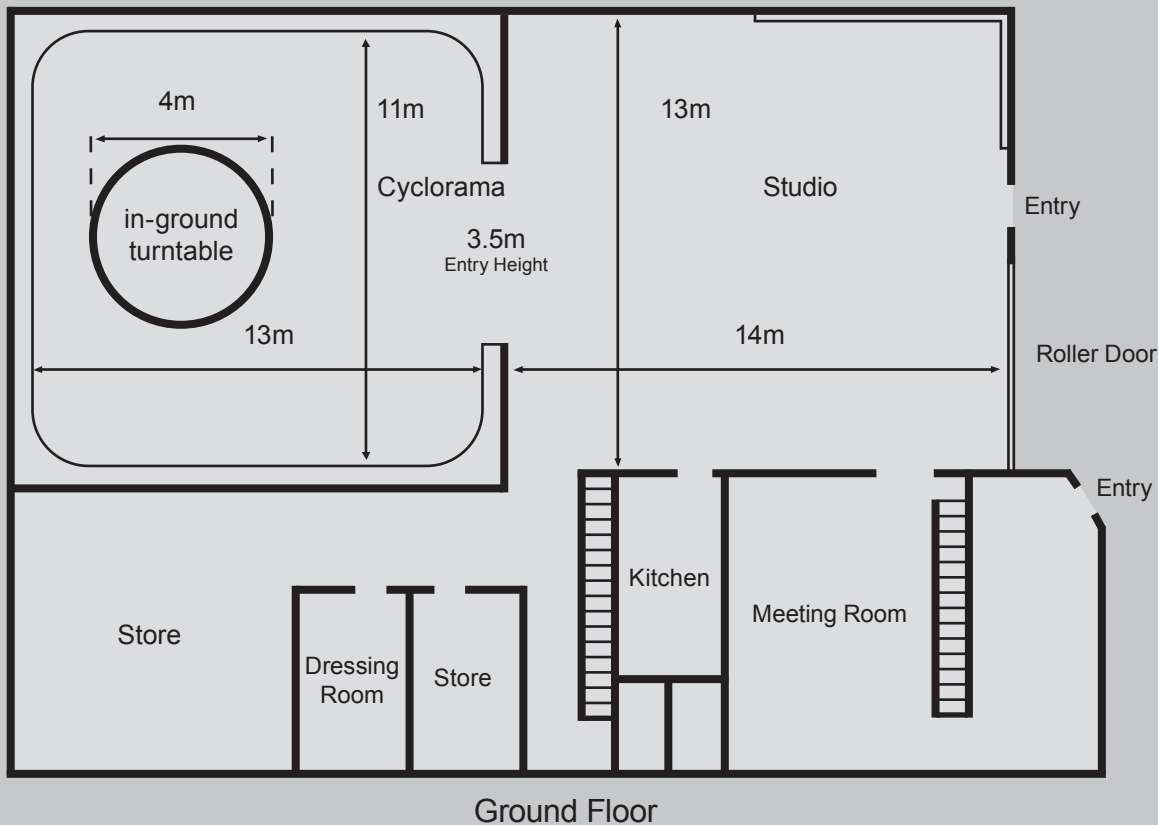

The studios are supplied painted white. Re-painting of the cyclorama floor after use of the studio is included in the hire fee.

A wireless internet connection is available on the premises. The studios are in constant demand so advance bookings or reservations are recommended.
